## Project Manager Rail System Integration

---

Job-ID: EC01548  
Region: Israel

DB Engineering & Consulting offers technically sophisticated and customized infrastructure, mobility and transport solutions. With our sustainable concepts, gained from our experience in project work for decades, we ensure the future success of economic regions, make important contributions to the protection of the environment and help shape the world of the future.

The red line will be the first section of a Light rail system in the Tel Aviv metropolitan area, known as Tel Aviv Light Rail. The line will run from Bat Yam in the south to Petah Tikva in the northeast with a significant portion of it underground. The line is planned to be completed in October 2021. Initial construction started in 2007. DB E&C has been awarded to be the partner for system integration in the Red Line light rail project. Additionally, DB E&C will provide interface management service during the construction of the line.

For this project in Tel Aviv, we are looking for a Project Manager. Your tasks will be as follows:

- Responsible for the overall project management and system integration (Signalling, Power Supply, Track Work, Telecommunication, Control Command & Signalling, Rolling Stock, Civil Work and Ancillary Systems)
- Managing and liaising between the different stakeholders, such as the state authority, the future operator and all suppliers for the subsystems.
- Leader for a team of about 40 experts

### Your Profile:

- Engineering degree B.Sc. / M.Sc
- Experience as a senior project manager (minimum 12 years), at least in one major rail/ MRT/LRT/metro project , either on customer side or supplier side
- Experience in leadership and negotiating
- Experience in project and contract management, proven experience in leading of teams in a multicultural and international context, preferably in the rail sector
- Willingness to relocate to Israel, Tel Aviv, for at least 2-3 years
- Excellent English skills

**Start date:** asap

**Location:** Tel Aviv, Israel

In case you match the profile and are interested in a complex task within the transport sector, we are looking forward to receiving your application through our website [https://www.db-engineering-consulting.de/db-ec-en/career\\_and\\_training/online\\_application.html](https://www.db-engineering-consulting.de/db-ec-en/career_and_training/online_application.html)
