

DB Engineering & Consulting GmbH

On Track Equipment Foreman (m/f)

Job-ID: EC01721
Region: Near/Middle East

Railways for the world of tomorrow!

DB Engineering & Consulting (DB E&C) is a part of the **DB group**, a world leading global railway company with an extensive organisation in Germany and projects around the world. Our company offers technically sophisticated and customised infrastructure, mobility and transport solutions. With our sustainable concepts, gained from our experience in project work for decades, we ensure the future success of economic regions, make important contributions to the protection of the environment and help shape the world of the future. We represent **180 years of rail experience** and our infrastructure projects connect continents. We set the standard for transportation and modern mobility.

For our Joint Venture in the Middle East, Mirfa (Western Region Abu Dhabi), we are seeking an On Track Equipment Foreman (m/f) who has profound experience within the Deutsche Bahn AG. The On-Track Equipment Foreman is responsible for the coordination, operation and operator maintenance of the On-Track equipment and personnel. This includes the tampers, dynamic stabilizers, ballast distribution system, ballast regulators, sand removal machines and other associated machines.

Your Tasks:

- Works under the instruction of the On-Track Equipment Production Supervisor
- Plans, coordinates and executes all the activities of the on-track Equipment Team with the above listed machines
- Supervises personnel and approves the plan for all production activities of the team
- Ensures that the maintenance programs are met
- Operates the equipment in accordance with the operating manual and specifications
- Responsible for the equipment
- Performs operator's maintenance on the equipment in accordance with the maintenance schedules as per manufacturer's specifications
- Ensures all activities are performed safely, within relevant regulatory and company requirements, and in accordance with HSEC standards
- Ensures that the team is fully competent and adequate personnel is available for the day-to-day tasks
- Conducts PS, PIC and WS duties
- Assists management in developing the production component of the annual budget and manages controllable expenditures

Your Profile:

Academic Qualifications:

- School Certificate or higher

Professional Qualifications:

DB Engineering & Consulting GmbH

- Certificate of competence to operate maintenance equipment
- Recognized knowledge of the operation and maintenance of the On-Track Equipment as listed above
- Knowledge of applicable discipline based railway standards
- Knowledge of track geometry
- Full driving license

Start date:

asap

Location:

Mirfa, United Arab Emirates
