

DB Engineering & Consulting GmbH

Fleet Supervisor (m/f)

Job-ID: EC01755
Region: Near/Middle East

DB Engineering & Consulting offers technically sophisticated and customized infrastructure, mobility and transport solutions. With our sustainable concepts, gained from our experience in project work for decades, we ensure the future success of economic regions, make important contributions to the protection of the environment and help shape the world of the future.

For our Joint Venture in the Middle East, Mirfa (Western Region Abu Dhabi), we are seeking a Fleet Supervisor (m/f) who has profound experience within the Deutsche Bahn AG.

In conjunction with the Fleet Senior Manager, develop and implement work plans which will deliver the required output in order to deliver depot output targets to the laid down technical, safety and quality standards, within the agreed budget to achieve the agreed availability and reliability standards.

The job comprehends the following tasks:

- Design, determine and publish depot procedures and standards for all Etihad Rail DB Operations rolling stock.
- Prepare for and complete maintenance tasks as directed by the Fleet Senior Manager.
- Engage in and maintain competence skills in relation to all rail/road vehicle maintenance.
- Provide on call services as required.
- Engage in multi-skill training in order to be able to participate in the maintenance of all types of vehicles.
- Engage in a Continuous Improvement culture, fully engaging in the process of sharing best practice.
- Provide training and guidance to other Rolling Stock technicians and Mechanics ensure competence and training recording system is maintained and updated.
- Implement and support competency assessment process, ensuring the system is updated.
- Implement and deliver the skill and knowledge transfer requirements.
- Operation and supervision of depot equipment.
- Protect and maintain the depot's tools and equipment in a serviceable condition, ensuring necessary certification is valid.
- Report and record unsafe acts and unserviceable equipment promptly.
- Carry out Designated Person duties as required.
- Undertake shunting duties as required.
- Report to other Fleet positions to assist in improving Rolling Stock safety, maintenance and reliability as required.
- Be responsible for your own, and others safety.
- Produce detailed reports at a frequency and content directed by the Fleet Senior Manager.
