### Railways for the world of tomorrow!

DB Engineering & Consulting (DB E&C) is a part of the **DB group**, a world leading global railway company with an extensive organisation in Germany and projects around the world. Our company offers technically sophisticated and customised infrastructure, mobility and transport solutions. With our sustainable concepts, gained from our experience in project work for decades, we ensure the future success of economic regions, make important contributions to the protection of the environment and help shape the world of the future. We represent **180 years of rail experience** and our infrastructure projects connect continents. We set the standard for transportation and modern mobility.

For our Joint Venture in the Middle East, Mirfa (Western Region Abu Dhabi), we are seeking a Senior On Track Equipment Operator (m/f) who has profound experience within the Deutsche Bahn AG.

The On-Track Equipment Operator is responsible for the coordination, operation and operator maintenance of the On-Track equipment and personnel. This includes the tampers, dynamic stabilizers, ballast distribution system, ballast regulators, sand removal machines and other associated machines.

### Your Tasks:

- Works under the instruction of the On-Track Equipment Production Supervisor & Foreman
- Operates the equipment in accordance with the operating manual and specifications
- Responsible for the equipment
- Performs operator's maintenance on the equipment in accordance with the maintenance schedules as per manufacturer's specifications
- Ensures all activities are performed safely, within relevant regulatory and company requirements, and in accordance with HSEC standards
- Conducts PS, PIC and WS duties
- Trains and instructs trainees on the operation of the on-track equipment

### Your Profile:

#### Academic Qualifications:

- School Certificate or higher

#### Professional Qualifications:

- Certificate of competence to operate trains
- Recognized competence to operate and maintain on-track equipment as listed above
- Knowledge of Track Geometry
- Knowledge of hydraulic, electric and pneumatic systems and diesel engines
- Full driving license

#### Experience:

- Relevant industry experience

# DB Engineering & Consulting GmbH

## Other Skills:

- English as first language or advanced level of written and verbal skill
- Ability to operate highly concentrated and accurately especially under stress of deadlines
- Ability to operate independently under minimal supervision
- Ability to work in a multicultural team

## Start date:

asap

## Location:

Mirfa, United Arab Emirates
