

DB Engineering & Consulting GmbH

Testing & Commissioning Manager (f/m/d)

Job-ID: EC01869
Region: Israel

DB Engineering & Consulting offers technically sophisticated and customized infrastructure, mobility and transport solutions. With our sustainable concepts, gained from our experience in project work for decades, we ensure the future success of economic regions, make important contributions to the protection of the environment and help shape the world of the future.

The red line will be the first section of a Light rail system in the Tel Aviv metropolitan area, known as Tel Aviv Light Rail. The line will run from Bat Yam in the south to Petah Tikva in the northeast with a significant portion of it underground. The line is planned to be completed in October 2021. Initial construction started in 2007. DB E&C has been awarded to be the partner for system integration in the Red Line light rail project. Additionally, DB E&C will provide interface management service during the construction of the line.

For this project in Tel Aviv, we are looking for a Testing & Commissioning Manager. Your tasks will be as follows:

- Review and comment (if necessary) all Testing and Commissioning Programs
- Review ASC tests in order to achieve the RSK homologation and later acceptance by the client according to TSI / Tech Spec / contractual requirements and pertinent standards
- Monitor testing (Type Testing, Performance Testing, Routine Testing, Dynamic Testing and Final Testing) and comment on it
- Observe the Static Testing and Monitor Dynamic Testing
- Monitor and Review Test programs, Test Procedures, Test Reports
- Assist and support the Design Manager and the Quality Manager with respect to all tasks attributed to the Design and Test Manager
- Support the RAMS Manager with respect to the Homologation process
- Support the Interface Manager

Your Profile:

- University degree (B. Sc. or M.Sc.) in Electrical or Mechanical Engineering with emphasis on railways
- At least 15 years' professional experiences in railway systems / engineering and project management
- International working experience required, ideally expertise in high speed projects
- Ability to manage and work in a highly intercultural environment
- Excellent English skills
- Relevant IT-Skills

DB Engineering & Consulting GmbH

- Willingness to relocate to Tel Aviv, Israel for at least 1 year

Start date:

As soon as possible

Location: Tel Aviv, Israel

In case you match the profile and are interested in a complex task within the transport sector, we are looking forward to receiving your application through our website https://www.db-engineering-consulting.de/db-ec-en/career_and_training/online_application.html

Please state the reference number (EC01869), your earliest possible availability as well as your salary expectations.

Please note that your application will be saved and used in electronic form as a part of the application process for this position.

Thank you for considering DB Engineering & Consulting as prospective employer!
